# Roast

GOOD roasts of choice beef, veal, etc., are as rare at some butcher shops as a cup race without a Shamrock.

But not here.

We haven't been handling meat for years with our eyes shut.

We know meat. We've studied and talked and dreamed meat until we can see a side of beef ten miles away with our eyes shut.

We guarantee choice, tender roasts, the kind that makes your meals a joy instead of a dirge.

## County School Notes

By Mies Virginia Luten County Supt. 

C. G. Alexander has been elected chairman of Educational division No. 2, thus becoming a member of the county board of estuention:

Pupils of Sycamore Chapel, under the direction of their teacher, Miss Byasse, have planted a school garden in which all are much interested. They have aiso given the school yard a "sprin eleaning" which adds much to the attractvieness of the school,

Pupils are taking much pride and interest in the new school near Jordan. Trees have been set out and they are also plannning to have a nice grassy sod by the beginning of the next

Remember that the K. E. A. begins April 19th and that we hope to have a large delegation from Fulton county.

The recent Legislature made a number of changes in the school SCHOOL ATTENDANCE. laws. Some of the more important changes were as follows:

The time of electing trustees has been changed from August to October and division boards will be organized at the county seat the following March.

High school pupils becoming 20 years of age before completing their high school course may continue their course until com-Distact.

The compulsory school law has become more effective.

Graded schools must maintain a first class high school or pay the futtion of their high school pupils in a standard high school. A graded school may cease to operate as such by a vote of a majority of the legal voters in the district; the vote being in the some manner as when the school was established.

A county high school may be naintained jointly by two or more counties.

The name of State University has been changed to University of Kentucky.

The school census will be tak en biennially except in cities of the first and second class.

# Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

### LAW MORE STRICT ON

There is little doubt in our ainds that a number of children of school age in Fulton county have not been attending school, which is an injustice to the child and a violation of law on the part of the parent.

The new compulsory school attendance law, it is believed, has een made effective by the recodification of the school laws, approved by Governor Stanley. The old law provided for a fine only; but under the present law, it is made a misdemeanor not to send a child to school and the parent or guardian if fined, may be sent to jail to serve out the fine for nonpayment. Heretofore the compulsory school attendance law has been a dead letter in some sections; but the more drustie punishment is expected to accomplish its purpose.

#### PENALTY ON MARCH 1st. CHANGE IN TAX LAW.

The general assembly which adjourned a few days ago enacted a aw changing the time for adding the 0 per cent penalty to State and county taxes. At present the penalty is added on December I but under the new law it will go on the first of March. This change was made, it is said, to give farmers a chance to dispose of their tobacco crop before time for paying taxes-
